

ISOLATION SYSTEMS, INC
EXPEDITIONARY EQUIPMENT

I5ACR15 PORTABLE AIR CONDITIONER

Expressly designed for worldwide rapid deployment, Isolation Systems I5ACR15 Portable HVAC delivers 62,000btu/h cooling and 15KW of resistance heating in one of the easiest to deploy and most versatile 5-TON designs on the market.

Unit includes push handles, top mount gear rack, foam filled "no flat" turf tire castors, remote or unit mounted controls, 30' power cord with plug end of choice and 2X heavy duty PVC ducts. It is easy to maneuver resulting in a 5-minute set-up time using one person. Unit is available in cart mount as pictured or four way fork liftable skid design and can be used
